

2023-2024

VERIFICATION OF BACHELOR'S DEGREE EARNED

After reviewing the information you reported on your Free Application for Federal Student Aid (FAFSA), it was found that you reported that you already have Bachelor's Degree or are working on a Master's/Doctorate degree and are a continuing graduate professional level student which means you have earned a Bachelor's Degree. Once you have earned your Bachelor's Degree, you are no longer eligible for Pell Grant assistance. Your only option would be a Federal Direct Student Loan, Private Student Loan, SCCC Payment Plan (Fall/Spring only) or Self-Payment in full by the published semester deadlines.

Please sign the statement below verifying that you do have or do not have a Bachelor's Degree yet and return to the SCCC Financial Aid Office. Once we have this documentation on file we can correct your FAFSA for you if needed. ***In the meantime, your financial aid application is being placed on hold until we receive this verification and your estimated Pell Grant assistance has been removed from your account.***

Student Name: _____ ID# _____

Yes, I _____ have earned a Bachelor's Degree.
(Print Name)

No, I _____ have not earned a Bachelor's Degree.
(Print Name)
